## Electric Water Blasters for the Budget Conscious

Here at Kerrick we don't muck around, we talk to our customers, listen to what they want and try to find a solution that meets their needs. We understand you want rugged, reliable water blasters that won't break down at prices that won't break the bank!

We've sourced products that can meet your budget needs and our high quality standards. We put them to the test and they did us proud, so proud we're recommending them for commercial and industrial use.

***We've been at it since 1937. We know what works. Call 1300 KERRICK and talk to a local!***

**The  
most popular  
units in this  
range:**

SPECS ↓	ELITE ROSSO	ECON. EI1511	ROYAL ROSSO
<b>Pressure</b>	120 Bar (1640psi)	100 Bar (1460psi)	210 Bar (3000psi)
<b>Flow</b>	12 lpm	11 lpm	16.6 lpm
<b>Motor</b>	Electric, 2.2kW	Electric, 2.2kW	Electric, 7.5kW
<b>Voltage</b>	Single Phase, 240V 50Hz	Single Phase, 240V 50Hz	Three Phase, 400V 50Hz
<b>Pump Make</b>	-	Interpump	-
<b>Pump Speed</b>	1425 RPM	1450 RPM	1450 RPM
<b>Max Temperature</b>	Cold Water	Cold Water	Cold Water
<b>HPHose Type</b>	3/8 in single wire braid	3/8 in two wire braid	3/8 in single wire braid
<b>HPHose Length</b>	10m	10m	10m
<b>Detergent Tank Size</b>	7.5L	-	4L
<b>Frame Type</b>	Painted Steel, High Impact PVC	Epoxy powder coated steel	Painted Steel, High Impact PVC
<b>Wheels</b>	2	2	2
<b>Weight</b>	44kg	48kg	68kg

## Powerful Petrol Pressure Cleaners

**Grunty machines that give you serious value for money.** Commercial and industrial grade - Our cold water petrol water blasters are manufactured to meet the high standards of Australia's professional contracting, building, hire and plumbing industries.

Here at Kerrick we don't muck around, we talk to our customers, listen to what they want and try to find a solution that meets their needs. In addition to our standard product range Kerrick can custom build pressure cleaners with flows of up to 200 litres+ per minute that can be skid, trailer, truck or ute mounted.

***We've been at it since 1937. We know what works. Call 1300 KERRICK and talk to a local!***

## European Steam Cleaners

**Industrial grade steam cleaners that just melt the dirt away!** These Hot water systems provide a quick and easy means of removing sticky and greasy residues without the need for harsh chemicals, however chemical injection can be used for those tougher clean up jobs. Practically designed they're easy to use, easy to maintain, rugged and durable. They also double up as cold water pressure cleaners providing extra value for money!!!

**Features:** Italian manufacturing, high pressure detergent injection, easy access for maintenance, heating to 100°C+, Italian pumps. Gun and lance provided as standard!

***We've been at it since 1937. We know what works. Call 1300 KERRICK.***

## Pressure Cleaner Nozzles

**Spray Nozzles:** 0° to 40°

**Quick Couplings:** 0° to 40° and chemical/soaper

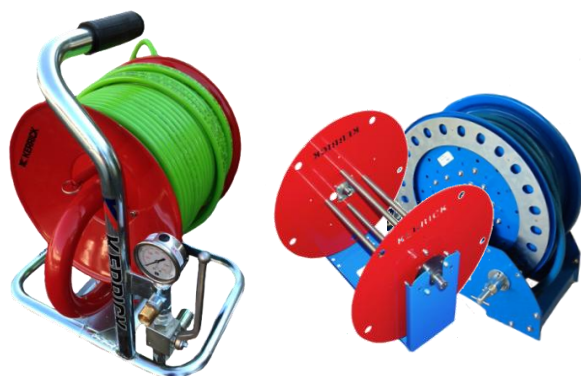

**Turbo Nozzles:** 3000psi to 5000psi

**Full Stoneage Range:** Banshees, Barracudas, Spitfires & Warhogs

## Guns, Lances & Long Wands

- **Guns:** Shut Off, Flow Through & Compensating
- **Lances:** Various lengths and fittings
- **Long Wands:** 18ft & 24ft telescopic

## Hose Reels

- **Portable Mini Hose Reel** (with pressure gauge)
- **Manual Reels**
- **Hydraulic Reels**

## High Pressure Hose

- **Traditional rubber hose:** Comes in single wire or two wire, in a range of diameters and lengths
- **Thermoplastic lightweight hose:** Comes in a range of diameters and lengths

## Surface Preparation Nozzles

We carry the popular Barracuda and Spitfire Nozzles that operate in pressures ranging from 15k psi to 40k psi. Our product range is well known in the industry and built to last.

**Barracudas** are excellent for cleaning difficult and irregular surfaces where an operator can more efficiently maneuver a hand-held tool. These lightweight tools adapt to any high pressure pump and are simple to maintain, making them the most versatile and efficient surface preparation tools in the field.

**Spitfires** are great for where manual shotgun cleaning is required; the extra lightweight nozzles require little maintenance and are easy to use.

**Kerrick has specialists on hand to discuss all your surface preparation needs.**

A Few  
Samples From  
Our Range:

**Spitfire  
SPFR-P8 for  
operating  
pressures up  
to 15k psi**

**Barracuda  
BC-K - 2 (2  
Nozzles up to  
22k psi)**

**Barracuda  
BC-H9LF-C  
(Lower Flows  
up to 40k psi)**

Max. Pressure	340 - 1000 bar (5 - 15K psi)	1500 bar (22K psi)	2800 bar (40K psi)
Max. Flow	15 gpm (58 l/min)	15 gpm (57 l/min)	4 gpm (15 l/min)
Inlet Connection	1/2 NPT	9/16 MP	9/16 MP
Nozzles	2 x AP2	2 x AP4	4 x OS7
Diameter	1.7 in. (43mm)	1.8 in. (46mm)	1.8 in. (46mm)
Length	4.8 in. (120mm)	7.8 in. (200mm)	7.8 in. (200mm)
Weight	1.6 lb (0.76kg)	2.6 lb (1.2 kg)	2.6 lb (1.2 kg)

## Tube, Pipe and Bundle Cleaning Nozzles

We carry the world renowned StoneAge Badger and Banshee Nozzles to support this highly specialized field of pipe, tube and bundle cleaning. Our nozzles operate in pressures ranging from 15k psi to 22k psi and in everything from 0.47" lines to 6" lines.

**Badgers** nozzles are specialized pipe cleaning tools that negotiate difficult to clean elbows and bends with ease.

**Banshees** are recognized as an industry standard for unplugging, cleaning, and polishing small tubes, such as those found in heat exchangers and industrial tube bundles.

**Kerrick has specialists on hand who can help you choose the correct nozzle for your application, simply call your local branch for more details.**

A Few  
Samples From  
Our Range:

	<b>2" Badger Pipe Cleaning - 15k psi for 1/4 NPT or BSP Inlets</b>	<b>4" Badger Pipe Cleaning - Operating pressures up to 43.5k psi</b>	<b>Banshee BN9.5 for tubes sized 0.47-0.63 in.</b>	<b>Banshee BN24 for tubes sized 1.1-2.0 in.</b>
<b>Max. Pressure</b>	1k bar (15K psi)	3000 bar (43.5k psi)	22k psi (1500 bar)	22k psi (1500 bar)
<b>Max. Flow</b>	15 gpm (57 l/min)	45 l/min (12gpm)	-	-
<b>Flow Coefficient</b>	0.50 Cv	0.4Cv	0.20 Cv	0.90 Cv
<b>Rotation Speed</b>	High Speed	100 - 400 rpm (fast fluid)	-	-
<b>Inlet Connections</b>	1/4 NPT, 1/4 BSP	H6 High Pressure Hose	M7, 1/16 NPT, 1/4 LH or 1/4 RH	3/8 NPT, 3/8 BSPP, 9/16 LH or 9/16 RH
<b>Nozzles</b>	7 x OD3M	5 x OS6	-	-
<b>Diameter</b>	1.3 in. (33mm)	2.95 in. (75mm)	0.37 in. (9.5 mm)	0.93 in. (24 mm)
<b>Length</b>	2.0 in. (50mm)	3.9 in. (99mm)	2.6 in. (65 mm)	5.1 in. (130 mm)

### AutoBox ABX-500

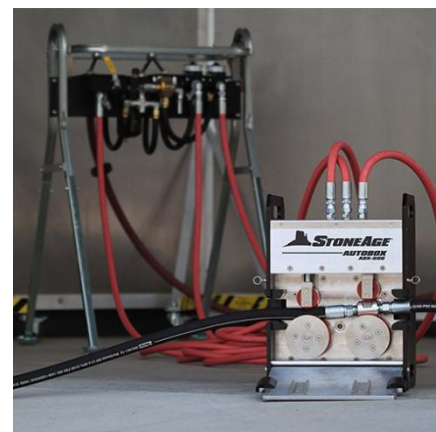

Introducing the latest technology from StoneAge Waterblast Tools, the AutoBox ABX-500 is a safe and reliable hose handling option for cleaning pipes with rotary jetting tools that is revolutionizing safety in the work place all over the world.

Traditional methods require the operator to hand feed hose while cleaning pipes, which can cause streaking, fatigue and increased safety risk. This portable, air powered tube lancing system can be safely run by a single operator from outside of the blast zone, drastically reducing any chance of injury as a result of hose bursts or couplings failing.

This system is ideal for hands-free pipe cleaning operations where safety is a priority or for the consistent cleaning of pipes where space is limited. Not only does it greatly improve safety but it's more operator friendly, reduces hose wear and is easier to transport than any of its predecessors.

#### Features:

- Smaller, lighter and more portable than a rotary hose device
- Requires a single operator to run
- Passes couplings for continuous operation
- Safely operated from outside the blast zone
- Reduces hose wear

#### Specifications

<b>Holding Force</b>	Up to 91 kg
<b>Retract Rate</b>	6 - 9 m/min reverse
<b>Hose size</b>	14 - 45mm OD
<b>Coupling size</b>	Up to 45 mm
<b>Dimensions</b>	483 x 330 x 305 mm
<b>Weight</b>	41 kg

## Thermoplastic High Pressure Hose

Kerrick now stocks high pressure performance, flexible and lightweight thermoplastic hose. There has been a need for light weight, robust hose in the market place for many years now and Kerrick has finally cracked the code. Our new range of hose has a thermoplastic elastomer core with double synthetic fibre reinforcing and is sold by the roll.

We carry a range of sewer jetting hoses from our new and improved thermoplastic hose through to the more traditional HP rubber hose, talk to your local branch to find out which type of hose best suits your application.

			
	<b>1/4 Inch 4000 psi Hose (60m)</b>	<b>3/8 Inch 4000 psi Hose (150m)</b>	<b>1/2 Inch 4000 psi Hose (120m)</b>
SPECS ↓
