THE SIDCHROME DIFFERENCE

BUILT TO LAST A LIFETIME™

Sidchrome has built its reputation on supplying tradespeople with high quality, premium and professional products that last a lifetime, which is evident through Sidchrome's lifetime guarantee against faulty workmanship and material on most products.

ANTISLIP™ FASTENING SYSTEM

ANTISLIP™ Design features on the open end of the Sidchrome spanner, which is a locking groove to prevent slippage of a nut and bolt, which prevents knocks & injury.

TORQUEPLUS™ FASTENING SYSTEM

Apart from allowing extra torque, TORQUEPLUS™ also reduces the risk of fastener rounding, provides a greater opportunity to turn worn, rounded fasteners and meets aerospace specification.

EVA FOAM SYSTEM

The Sidchrome Heavy Duty Carbon Fibre Covered EVA Foam System has been designed to suit your needs. The red underlay foam allows you to quickly identify any missing tools at a glance. The Heavy Duty Carbon Fibre Cover EVA Foam has been designed to withstand most work shop trucks and all types of printed size measurements won't easily rub off after cleaning.

REAL TOOL COUNT

The Sidchrome Tool Kit range feature a Real Tool Count, where the only tools that go into a kit are professional quality tools - not piece count boosters. For example, we don't count fool proof gauge blades as pieces as some brands do. Sidchrome tool kits can be logically and easily built up they comprise of the most popular tools in the section of the range and laid out to allow for easy retrieval and return of your tools to the tool kit once you have completed your job.

HOW TO REDEEM

AUSTRALIAN APPRENTICE TRADE SUPPORT LOANS

What are Trade Support Loans? Trade Support Loans are loans paid in instalments totalling up to $20,000 spread over four years. These loans are intended to assist apprentices with every day costs while they complete their apprenticeship. Eligible Trade Australian Apprentices may apply to opt in for regular instalment according to their needs.

How do Trade Support Loans work? Trade Support Loans are a more effective method of assisting eligible apprentices with their everyday costs while they undertake their apprenticeship. The program provides apprentices with up to $20,000 as an income contingent loan, compared with the old ‘Tools For Your Trade’ payment.

Payments are as follows: Year 1 = Up to $3,000  Year 2 = Up to $3,000  Year 3 = Up to $4,000  Year 4 = Up to $2,000

Upon Completion of Apprenticeship - 20% discount is applied to the loan amount borrowed

Loan amount will be repaid through the taxation system when the minimum income threshold is reached. In 2016-17 the minimum repayment occurs at income threshold of $54,368.
