

NEW LIGHTWEIGHT VANE MOTOR AIR FAN PART # - 0300-600/MDPE

KEY FEATURES

The NEW Lightweight Vane Motor Air Fan is

- Lightweight at 26kg with lifting devices providing for safer manual handling
- Provides greater efficiency in ventilation through greater air output
- Meets the requirements of MDG37, MD3, AS 600079.
- Single drive shaft supported by sealed bearings eliminates the continued need for extra lubrication to reduce maintenance costs
- Energy-saving and efficient, long service life and interchangeable parts, reliable performance

SPECIFICATIONS

Weight	26kg
Fan diameter	600mm
Housing diameter	700mm
Air Inlet Diameter	3/4 " BSP

PERFORMANCE CRITERIA

Air Pressure	6.9 Bar
Noise	82 Dba
Air Consumption	60L/sec
Flow Rate	5.67m ³ /s
	3.2m ³ /s <i>2 metres from fan centre</i>
